Recruiting is Stimulated After Navy Meeting Here

APPEAL MADE FOR FIRST DEFENSE LINE

Charles A. Bookwalter and Two Seamen Speak to Large Crowd in Court House Assembly

SERVICE IN NAVY EXTOLLED

Former Indianapolis Mayor Points Out Nation's Claim on Young Men and Advantages of Sailor

An ardent appeal for the young men of Rush county to respond to the call of their country by enlisting in the first line of defense—the navy—was made last night at the court house assembly room by three men—one whose son has already offered his services to the country and whose father was fighting for the union when he was born, and two others who have seen service in the navy and extolled its advantages.

Charles A. Bookwalter of Indianapolis first made an appeal for the navy, outlining the continued affronts of Germany and recalling the patience that President Wilson had exhibited. First Gunners Mate M. B. Goldfarb and Gunners Mate Raper explained service in the navy and the opportunities it offered, also answering questions asked by the people in the crowd.

The court house assembly room was crowded and intense interest was manifested. The speakers were frequently interrupted by applause. Robert E. Mansfield, a close friend of Mr. Bookwalter, presided and introduced all of the speakers. The orchestra of the Main Street Christian Sunday school played and was applauded.

Mate Goldfarb called attention to the fact, which has been announced in the newspapers, that he will be at the postoffice the remainder of this week to get recruits from Rush county. He said he would spend the first four days of next week in Connersville and that if it was made interesting enough here for him he would remain over Sunday and not go to Connersville until Monday.

Mate Raper aroused a patriotic outburst of applause when, near the end of his brief speech, he said that the score was two to one in favor of the kaiser because submarines had sunk two armed merchantmen and the United States had sunk only one submarine, and appealed to the young men of Rush county to get into the navy, train and help even up the score.

Mr. Bookwalter referred with much feeling to the action of his son, an officer at Culver military academy who graduated with honors this year, in offering to fight

May "White Sales"

May is set aside by many stores as the month for their Spring white sales.

The merchandise offered in these events is of a kind and character that appeals to every woman.

The opportunity these sales offer to replenish her wardrobe is one she does not want to overlook.

By reading the advertising in The Daily Republican, wise women keep posted on what the different stores are doing.

It saves time and very often money to "shop around" through the newspapers before making the tour of the stores themselves.

MAY BE PLACED IN FOURTH REGIMENT

Captain Kiplinger Considers Putting National Guard Company in New State Organization

30 MORE MEN ARE RECRUITED

The Rushville company of the National guard may be placed in the Fourth regiment instead of the First regiment as was originally intended. Sufficient new units have been secured to form a new regiment to be known as the Fourth and Capt. Kiplinger is considering placing the company in this organization. He was in Indianapolis again this afternoon for a conference with the adjutant general and it was expected to be definitely settled today. Capt. Kiplinger sees an advantage to belonging to the new organization.

Recruiting to full war strength goes on here. Thirty recruits have been signed and will be examined Saturday when Lieut. Brunner of Greenfield will be here to conduct the examination. It is pointed out that there is an advantage of belonging to the Rushville company since conscription is bound to come.

Under conscription the men secured will be scattered broadcast by the government to fill vacancies here and there and the men would never be together. By joining the local company the men are assured of being with companions they know.

STATIONS MUST BE DISMANTLED

Jesse Poe Receives Letter From U. S. Director of Naval Communication Regarding Wireless

U. S. PROCLAMATION IS CITED

Six Stations in This County Are Out of Commission Because of President Wilson's Order

Jesse Poe has received a letter from D. W. Todd, commander of the United States navy and director of naval communication, in response to a letter from the Rushville man, citing the president's proclamation regarding the dismantling of wireless stations and giving the reasons why the amateur stations must be put out of commission.

When the president's proclamation was issued several days ago, there were five wireless stations in operation in the county, but all are reported now to be dismantled. There were six counting Jesse Poe's but his had not been in operation for sometime because the wind damaged it and repairs had not been made.

Mr. Poe had no direct orders to discontinue the use of the wireless. He was getting the time from Washington through Ruell Bennett's station a short distance west of the city after his was put out of commission. He did not wish to accept the order as the proclamation printed in the newspapers directed, and wrote the department at Washington.

The letter today was the result. A copy of the president's proclamation was sent in the letter by direction of Secretary of the Navy, Daniels.

Commander Todd pointed out that the proclamation referred to all sorts of wireless receiving stations.

"On account of the great number of radio stations," the letter states

FIVE RECRUITED FOR WAR SERVICE

One Rush County Boy Selects The Navy and Four Others Will Try For the Army

POSTMASTER SETS FAST PACE

Gunners Mate Goldfarb is at Post-office Recruiting for Navy—Prospects Are Good

M. B. Goldfarb, first gunners mate attached to the Indianapolis navy recruiting office, who opened a four days recruiting campaign here this morning, will not have much to do if Postmaster Hunt keeps up the pace he has set in the last two days.

Yesterday he sent two men to Indianapolis, one for the navy and one for the United States infantry, and this morning he sent three more for the infantry. Other young men are considering the navy and have been talking over the matter with Postmaster Hunt. A week ago last Friday the postmaster sent 6 men to the marines and every one of them passed. This was an especially good record because entrance to the marine corps is very stringent.

Theodore Taylor of near New Salem is the latest recruit to the navy from here. Frank Owens passed the examination to enter the army in Indianapolis yesterday and Charles Bartlett, Ed Campbell and Francis Joyce went to Indianapolis this morning to try to get into the army. Frank Owens will leave Thursday to join the army.

Theodore Taylor passed when examined by a local physician but has to pass the test of a navy physician before he is accepted. The navy has an arrangement whereby men wishing to enter may be examined by a physician at their home, and if they pass, they are allowed to go to the nearest station for examination. If they fail to pass there, expenses to and from their home are paid by the government.

Postmaster Hunt tried to get the three men who went to Indianapolis this morning for the navy, because particular stress is being laid on that branch of the service just now, but they were all determined to join the army. Frank Owens served with Battery B. on the border when the national guard was mobilized several months ago.

The six men who the postmaster sent to the navy about ten days ago were Fred Soacey, Roy Culbertson, Carmon McKinney, William Trobough, Clarence Myers and Thomas Saunders.

Mate Goldfarb was busy today getting acquainted in Rushville. He had several inquiries at the meeting last night and prospects are that he will gain several recruits for the navy from the county. He will be stationed at the postoffice until Saturday night.

Postmaster Hunt received letters this morning from Myers, Saunders and Spacey, who are stationed at a navy training school at Port Royal, S. C. They all said that they were immensely pleased with the navy and were glad that they had taken the step that they did.

CONTE LECTURE TONIGHT

Miss Anita Conte of Indianapolis will give the third and last of her series of lectures on Venice tonight in the Graham school building assembly room. She will be assisted by her sister, who will sing. The lecture was postponed from last week.

TAKES COGNIZANCE HIGH LIVING COST

City Council Makes General Increase in Pay of City Employees at Regular Meeting

ADVANCE ALL ALONG THE LINE

Date For Clean-up Week Held Open Until Weather Gets Better—Coal Price Increases

The city council took cognizance of the high cost of living last night and granted an increase in pay to all of the city employees. The raise affects the employees of the water and light plant, the fire department and the street cleaning department. The police were given a five-dollar increase last month.

The men in the street department were given a ten per cent increase. Street laborers who have been getting twenty cents an hour will hereafter receive twenty-two cents an hour. This will make \$2.20 for a ten-hour day. Teamsters in this department will receive 44 cents an hour instead of 40 cents and the street commissioner was given a \$5 a month increase, making his salary \$55 a month. The two street sweepers, John Singer and John Jordan, were given \$1 a week increase, making them receive \$12 instead of \$11.

The three members of the fire department were given five dollars additional on the month, making them receive \$55 a month under the new scale. The men affected in this department are the assistant chief, the driver and assistant driver.

The water and light employees were given an increase of five per cent. This affects engineers, firemen, coal shovelers, linemen and assistant engineers. These employees were only recently given a five per cent increase. Under the new scale the chief engineer will receive \$73 a month. Resolutions changing the salary ordinances were passed under suspension of the rules.

No definite date was named for clean-up week. The weather has been so bad that it would have been impossible to get ready for the clean-up next week. The matter was discussed, however, and as in years past the city reached the conclusion that it would haul no ashes. Many people have been placing their ashes in the alleys expecting the city to haul them, but this plan was never followed in the past and will not be in the future.

Plans and specifications for the sidewalk improvement on the east side of Cherry street, north from Eleventh street, were adopted and June 5 set as the time for hearing remonstrators. The sidewalks will be placed out to the curb line and will be four and one-half feet wide.

The city is being hit by the increasing coal prices just the same as a small consumer. Supt. Mahin told the council of a letter from the Indian Creek Coal and Mining company announcing a twenty cent increase. The city contracted with this company for a year's supply of coal, the price being \$1.70 laid down in Rushville. Recently a five cent increase was announced and now the mine owners are paying the laborers twenty cents more on the day and as a result the city has to stand the advance, making the city's coal cost \$1.95 instead of \$1.70.

And all of this happens in spite of the fact that the city has a written contract with the mining people. There is no recourse for the city, however, as the contract contains a clause to the effect that if any unavoidable condition arises to affect the price, the quotation would not be binding. The contract does not expire until next August and even with the twenty cent increase the city is getting coal cheaper than it

THIRTEEN SEAMEN MISSING

American Steamer Rockingham Torpedoed and Sunk by Submarine

(By United Press.)

London, May 2.—Thirteen members of the American steamer Rockingham, torpedoed and sunk by a German submarine, were missing today.

Thirty-three survivors were picked up by a patrol boat. The survivors were in two life boats. One boat containing the thirteen men is unaccounted for.

MARKS FIRST STEP OF CO-OPERATION

Meeting of State Defense Council is Addressed by Secretary Lane and Secretary Baker

SUBMARINE WAR EMPHASIZED

State Representatives Hear 400,000 Tons of Shipping Was Destroyed Week Before Last

(By United Press.)

Washington, May 2.—Four hundred thousand tons of shipping was destroyed by submarines week before last, according to shipping men's estimates, Secretary of Interior Lane told representatives of the state defense council at their opening session here today.

If this proportion continues, he declared, it would seriously threaten the life of Great Britain and France. He pointed out that the United States must aid thoroughly in replacing the shipping.

American inventive genius, Lane asserted, would find some means of combating the submarine. He indicated the patent office already is beginning to receive American inventor's ideas.

Secretary of War Baker told the state representatives that the state and national governments must work in closest co-operation if we are to be successful in the war.

He declared that this co-operation is necessary in raising the army authorized by congress.

Baker announced that every effort will be made to preserve the National guard in building up the great army.

The meeting today marked the first real step of organized co-operation between states and the federal government in the matters of national defense.

MORE SURVIVORS OF VACUUM ARE REPORTED

Board Landed on Island Near English Coast Sunday But Couldn't Send Message

INDIANAPOLIS MAN SAVED

(By United Press.)

London, May 2.—The second boat load of survivors of the American armed steamer Vacuum has been saved, it was announced today. The additional survivors include Capt. Harris and two other members of the crew and four American gunners of the vessel.

The men were landed on an island near the coast on Sunday but were unable to report their safety on account of a lack of telegraphic communication. Among those saved was James E. Williams of Indianapolis.

Capt. Harris reported that Lieutenant Thomas, commanding the gunners on board the vessel, had been lost and three gunners were still missing.

—Miss Alma Green returned from West Palm Beach Fla., today, where she spent the winter.

PEACE PROPOSALS MAY BE CONSIDERED

If Germany Offers Strongholds in Bulgaria, Serbia and Turkey, Parley is Likely.

OTHERWISE BELIEVED FAKE

Peace Made on Concessions on Western Front Will Mean Only Breathing Spell For Teutons.

3 BILLION APPROPRIATED

(By United Press.)

Washington, May 2.—The House passed today the army and navy appropriation bill, totalling nearly \$3,000,000,000 by a vote of 362 to 1. Representative London, socialist, voted against the bill.

BY GEORGE R. MARTIN

(U. P. Staff Correspondent.)

Washington, May 2.—If Germany's peace proposals, reported scheduled for tomorrow, include the giving up her strongholds in Bulgaria, Serbia and Turkey, the allies may consider the proposition, it was stated today.

If Germany offers no such conditions in the peace proposal, the allies will take the peace move as a fake because Germany's control will give her a grip on a vital nerve center of the world.

A majority of the allies do not expect permanent peace in the sense that there will never again be a war. They will be satisfied with a peace lasting five or six generations.

A peace made on concessions on the western front alone—evacuation of Belgian and Alsace-Lorraine—the allies say, will mean only a brief peace, a mere breathing spell for the Teutons.

With important problems of America's participation in the war nearing completion, the war council today awaited what Germany has to offer in the way of peace terms.

A high British commissioner expressed the opinion that six more days will find the world parley finished.

Secretary Balfour met Secretary McAdoo for a conference over financial problems.

TOMORROW SET FOR GERMAN PEACE OFFER

Just What Nature of It Will be is Causing Speculation in London—Germany Forced to It

PRESS REFLECTS SENTIMENT

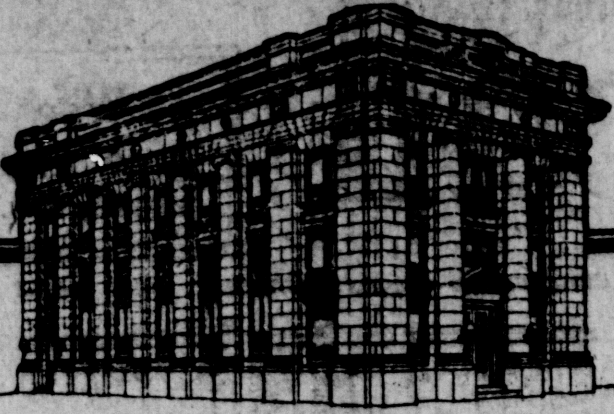

(By United Press.)

London, May 2.—What sort of peace terms German Chancellor Van Bethmann Hollweg will offer tomorrow before the German reichstag was considered here today. Most London newspapers agree that the chancellor's offer has been forced by growing unrest throughout the Central empire for some official statement of Germany's war aims.

German newspaper comment, including this extract from an editorial in the Tageblatt, exemplifies the unrest:

"We must openly admit that Germany is no longer to dictate peace terms, even if she strove for peace with an outward show of annexation which is not the case. Germany, however, demands a peace that will allow her freedom of trade and independence and guarantee her economic interests abroad shall be protected."

Madison, Ind., May 2.—Mrs. Minnie Meyers, 53 years old, a patient at the Southeastern Hospital for the Insane, eluded her attendant today and committed suicide by hanging herself to a ventilator grating with a sheet. Her home was at Connersville, where the body will be taken.

OUR SODA FOUNTAIN POLICY— Past and Present

FOR YEARS we have served the best quality sodas, ice cream and drinks obtainable in this city. We sincerely believe that we have given the people of Rushville ten cent goods for five cents. We have charged up the deficit to advertising as we did not see how we could spend this amount of money to better advantage. No matter where you go now you will pay ten and fifteen cents for ordinary quality sodas, etc. With the advance in cost of raw materials such as sugar, ice cream, cocoa, etc., we feel that we would rather maintain our Quality Reputation and give Rushville a Strictly Sanitary Service as well at the price of Ten Cents. Nothing is too good for your stomach's sake and you do like to be served with clean soda glasses and you will be if you get it here, as we use one glass to each individual customer then throw it away.

Frank E. Wolcott
RYALS DRUGGIST

Serum Station.....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly trout blood serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

LET THESE COLUMNS BE YOUR GUIDE

ONE ADVANTAGE

In having a painter mix his paints on the premises with "Carter's Pure White Lead" and "Pure Linseed Oil" is that you are not restricted in the choice of colors to a paint manufacturer's color card or to what a dealer has in stock. You can see just how the color you think you want will look right on your house and you can have it changed again and again until it exactly suits you.

No Branch of Live Stock is More
Productive of Satisfactory
Results Than This

HOG ROUTE THE QUICKEST

High Prices in All Markets Disclose
That Demand for Pork is in
Excess of Supply

MEAT BY THE HOG ROUTE

The meat supply of the country can be increased more quickly by the "hog route" than by any other. The country's need to augment its supply is great but prevailing high prices alone should be sufficient inducement to farmers to raise more hogs. The prospect of success never was brighter. The high prices ruling in all markets show that the demand for pork is in excess of the supply.—U. S. Department of Agriculture.

No branch of live stock farming is more productive of satisfactory results than the raising of well-bred swine, if conducted with a reasonable care, according to the specialists of the Bureau of Animal Industry, U. S. Department of Agriculture. Hogs fit into the modern scheme of farming on nearly every farm, and are one of the most important animals to raise both for meat and for money. They require less labor, less equipment, and less capital, make greater gains per hundred pounds of concentrates fed, reproduce themselves faster and in greater numbers, and give a quicker "turnover" of money than any other animal except poultry. Farmers of the South and West particularly have awakened to the merits of the hog and are rapidly increasing their output of pork and their bank accounts.

The hog has no rival as a consumer of by-products and numerous unmarketable materials which but for him might be wasted. Kitchen refuse, not only from farms but also from hotels and restaurants, when cooked before being used makes an excellent feed.

The value of skim milk as a hog feed is known on every farm though not always fully appreciated. In the neighborhood of many large dairies pork production is a very prominent and lucrative supplement to the dairy industry.

To prevent tuberculosis, all milk and milk products should be cooked before being fed to hogs. To control hog cholera, use sanitary precautions and anti-hog-cholera serum treatment.

Give your hog every chance to become meat.

The hog is also a large factor in cheapening the production of beef. Hogs are placed in the cattle feed lots to utilize the corn and other feeds the cattle have failed to digest and which otherwise would be wasted. Hogs following steers in many cases have increased the profit per steer by from \$6 to \$9. Hogs should not be allowed to follow dairy cattle unless the cattle are tuberculin tested.

Demand Is Keen
Disease, such as cholera, has been taking a smaller toll the past season than in recent years; more pure bred and high-grade hogs are available than ever before; prices of hogs are now past the 16-cent level; demand for pork for home consumption and for export is keen. All of which means that the farmer who does not raise hogs is losing a chance to increase the supply of pork and thus serve the country and at the same time expand a profitable phase of farming.—U. S. Department of Agriculture.

Westchester, Pa., May 2.—Eleanor C. Donnelly, the poet, who was the author of more than fifty volumes, died at Villa Maria convent here yesterday. She was 79 years old. Miss Donnelly was styled "The Poetess of the Poets."

GRAIN QUOTATIONS ARE STRONGER TODAY

May Wheat in Chicago Gains Twelve
Cents and Corn and Oats Also
Are Higher.

HOGS ARE 25 CENTS LOWER

Grain quotations were stronger today. May wheat was twelve cents higher, almost regaining the loss of thirteen and a half cents of yesterday. Indianapolis hog prices were twenty-five cents lower with receipts 3,500 greater.

July wheat in Chicago was up seven and three-quarters cents and September, four cents. May corn advanced four and three-quarters; July, three and seven-eighths; September, two and three-quarters. May oats was up one and an eighth; July, two and three-eighths; September, one and three-eighths.

Wheat and oats in Indianapolis were steady but corn advanced slightly. On the local markets wheat advanced ten cents; corn, five cents, and rye five cents.

MATHEMATICS TO BE GIVEN OFFICERS CORPS

Franklin College Opens Department For Men Who Are Trying to Get Into Camp

COLLEGE WILL GIVE CREDIT

Franklin, Ind., May 2. — Prof. Frederick H. Hodge, head of the mathematic department in Franklin College, has opened a night school in mathematics for men who have applied for admission in the officers' training camp at Fort Benjamin Harrison. The work consists chiefly in the use of logarithms and a review of practical geometry and trigonometry. Capt. Charles Bowen, a veteran of the Spanish-American war, is in charge of the military drill, which is held every afternoon on Goodell field. President Balknap announced that two hours' credit will be given for the work. The following men have sent in their applications for entrance into the officers' training camp.
Hugh Lowery, Noble Carter, Wayne Merrill, Hallie Hamilton, Russell C. Wilson, Paul Shafer, Swan Swenson, John Bailey, Richard Crecraft, Bruce Bowen, Forest Ragedale, Conrad Hamilton, Horace McClain, Philip A. Schmith, Clarence Henderson, Yandel Cline, Vernal Templeton, George Walden, Melvin Losutter, Parker Wilson, Harold Overstreet, Will B. Nelp.

COLLEGIANS OBJECT TO GUARD

Goshen, Ind., May 2.—Goshen College managers and Goshen city authorities have clashed on the question of a quarantine at the college dormitory, where twenty students are confined with smallpox.

INVENTS ANTI-AIRCRAFT GUN.

Richmond, Ind., May 2.—Harry Frye, a veteran of the coast artillery corps, now employed as a machinist at the Pennsylvania shops here, today exhibited at the local recruiting station the model of an anti-aircraft rapid fire gun which he has invented. Sergt. H. H. Warner pronounced it a practical device. It is for mobile service and can be mounted on a motorcycle. Frye will offer the model to the government and, if accepted, will present the patent to the government.

—Harrie Jones spent the day in Cincinnati.

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Sallie A. Dale, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 8th day of May, 1917, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.
Witness, the Clerk of said Court, this 10th day of April, 1917.

Rugs, Carpets, Linoleums, Window Shades and Curtains

We invite your inspection of the most complete line of Floorcoverings ever shown by this store. We have in our stock thousands of dollars worth of the newest fabrics and designs in Rugs, Carpets, Linoleums and other floorcoverings and notwithstanding the rapidly increasing cost of raw materials, we are in a position to offer them at about their former prices. Come in and we will prove that we are headquarters for floorcoverings of all kinds at the very lowest prices.

"Not a crack nor pinhole in it!"

Go to your windows now and examine the shades.
See if they are specked with those tiny holes and little ragged cracks that do so much to mar the looks of your windows. In

The Unfilled Grade of
Brenlin
Window Shades

You will find this great fault of the ordinary shade overcome. It is made of a closely woven cloth without that filling of chalk which in the ordinary shade so soon cracks and falls out in unsightly streaks and pinholes. Sun won't fade it—no water spot it. Made in many rich, attractive tones and in Brenlin Duplex. Come see it.

Gardening Bulletin

The best methods to follow and the best crops to grow in order to make a small area like a back yard produce the maximum amount of food for the family are discussed in a new publication of the U. S. Department of Agriculture, Farmers' Bulletin 818, The Small Vegetable Garden. In addition to furnishing information in regard to the fundamental principles of gardening, this bulletin describes in detail the culture of all of the common garden plants, and also furnishes a table showing in a concise form the quantity of seed needed for each kind of vegetable, the proper way and times to plant, and the material required to produce the crop.

To make a small area produce a large amount of food, the bulletin points out that not only every foot of available space must be utilized, but that late or succession crops must be planted as soon as the earlier plants have been removed. To carry on gardening in this intensive way requires careful planning in advance, and it is recommended that a detailed diagram of the garden be drawn up and the various uses that it is planned to put each portion to, throughout the growing season, be clearly indicated. On this plan the success or failure of the various enterprises should be noted and the plan itself kept as a guide for the following year.

Per Man, Not Per Acre

We hear much about increased production and conserving 'idle lands; much of utilizing back yards and vacant lots, even roadsides and railroad rights of way. Added to this will be the annual prize contests for the greatest yields per acre.

To Live Long!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate thru the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat—the skin helps to eliminate the toxic poisons and uric acid."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric (double strength) at the drug store. This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will find that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

MANY OF OUR HOME STATE WOULD TESTIFY.

Logansport, Ind.—"It has been some time since I took Dr. Pierce's Golden Medical Discovery. I was troubled with my stomach and I tried everything I heard of, but got no relief. I happened to get a book, telling about this medicine. I read it carefully and thought I would try it. I got six bottles for \$5.00 and I could feel the change before I finished the first bottle. I took about four bottles and I know it helped me more than any other medicine. I am always glad to tell and help others by telling about this medicine."

They are all good—excellent. But let us not lose sight of the fact that if this country is to meet and solve the food problem the burning demand will be, not for the maximum per man.

It is imperative that every worker in the soil this year use every means possible to make his work count to the utmost in his volume of production. He should cultivate every acre possible, and in order to increase his capacity he should employ every available implement for reducing man labor while increasing the work done.

This is no time to be dabbling in a garden with a weedinghoe while a tractor and gang plow stand idle. The garden and back yard are available for the aged and the very young and the town business man who has no field to cultivate, but the husky young giant is vitally needed in driving the big implements of production and making the broad acres bloom and fructify.

A full yield per acre is essential, but the salvation of this country will depend largely upon better yields and more acres per man.

Last year millions of acres went uncultivated. This year every acre should be made to produce to the limit of its possibilities. An idle field in 1917 will be a reproach to its owner, and it is to be hoped there will be not one in this whole community.

If the owner is without the means of securing improved machinery in order to increase his acreage and its yield, then the moneyed men should come promptly to his aid. The financier is indebted to this country for his wealth, and in the hour of national danger that wealth should be placed unreservedly at the legitimate disposal of the farmers who must toil early and late that the people may not suffer for bread.

The big implement makers should also come to the front with a rush. If credit is needed, then credit should be extended in order that more acres may be tilled.

Where more farm hands are needed they should be drafted from the cities and the towns. If they are unwilling to go and do their share governmental authorities should compel action. Every able bodied man should either fight or work. There is no room for slackers and the public is in no mood to condone them.

The United States does not lack for the means to produce the crops necessary to feed the people in this hour of peril, but those means must be employed or we fall.

Spots on the sun you say? They are only the marching hosts rushing to join the war of the universe.

No, hanging out the flag is not the only way of displaying patriotism. The government needs recruits.

Carranza assures us of his neutrality—which, being correctly interpreted, means the old cuss is plotting mischief again.

In 1898 the United States freed Cuba from the rule of Spain. Today, when we are at war with Germany, Cuba comes right to the front with an offer of her entire army of 25,000 officers and men, to be employed in any manner this government may desire. There is gratitude for you, and our hat is off.

ENUMERATION INCOMPLETE

Rushville School City Lacks Wards in State Institutions

The school enumeration has been completed, but as yet the figures are so meagre that the total has not been tabulated. Only six trustees reported their returns to Superintendent George yesterday and the report for Rushville City is lacking the wards in state institutions. It is important that these wards be listed as the enumeration means \$3 back to the county for each child reported for school age. It is expected that the complete returns will be available in a few days.

Remember the penny supper Friday night, May 4th, at the M. E. church, supper from 5 to 7 o'clock. 4213.

STATE GAS INSPECTOR INVESTIGATES HERE

Confers With Companies About Leaks in Mains Which Prevent Lighting of Pedestal Lamps

THEY AGREE TO MAKE REPAIRS

State Gas Inspector Wright was in the city yesterday investigating the gas leaks in the bases of several of the decorative street lamp posts. The gas accumulates in the bases and an explosion results when the lights are turned on. Two sections of the street lights, one on Main street between Second and Third streets and the section on the south side of the public square have been discontinued on account of the leaks.

Mr. Wright had the matter up with the gas companies and they agreed to remedy conditions. It may be necessary to take up a section of the brick streets, but this cannot be helped as the thing is dangerous as it now stands. A few nights ago an explosion occurred in the base of the lamp in front of the Grand hotel and the force blew the door of the base a distance of fifty feet. Several of the city employes have been severely burned.

TAKES COGNIZANCE OF HIGH COST OF LIVING

Continued from Page 1.

could possibly contract for at this time.

The James Keating water well case supposed to have been disposed of a year ago, bobbed up again last night. Away back in 1912 or 1913 the city drilled a well on Keating's land with the understanding that when the well was connected to the city's system he would receive free water. To settle the question the superintendent was ordered either to install a meter or discontinue the service.

The council decided to extend a three-inch water main in North Main street so as to give Cary Jackson water service for his new house being constructed north of Twelfth street.

A. B. Irvin appeared before the council in an effort to secure the power rate instead of the usual rate for electric cooking and heating stoves. Mr. Irvin stated that the usual rate of 10 cents would be too high for an electrical cooking stove and desired to obtain the power

rate for this service. The council agreed to pass a resolution to this effect. The power rate has a maximum of five cents and a minimum of three cents.

FATHER OF FORMER CONGRESSMAN DIES

John G. Gray, Age 89, Expires at His Home Near Orange of Erysipelas, Tuesday

FOUR CHILDREN SURVIVE HIM

John Gibson Gray, 89 years old, father of former congressman Finly Gray, died yesterday at his home near Orange. Mr. Gray had been in ill health for some time and had recently been suffering from erysipelas, which caused his death. Mr. Gray was widely known in this and Fayette county. He was born in Union county and lived most of his life in Fayette county.

Mr. Gray was married to Miss Mercy Demmaree and to them six children were born, four of whom are living. Mrs. Gray died in 1912. The surviving children are Finly H. Gray, George Gray, Quincy Gray, Fletcher Gray and Miss Mabel Gray.

The funeral services will be conducted tomorrow morning at ten o'clock at the late residence and burial will take place in the Dale cemetery, Connersville.

COMMISSION MAY APPEAL PHONE CASE

Indicated Suit Decided Here Against State Utilities Board Will go to Higher Court

TRANSCRIPT IS REQUESTED

The Public Service Commission is planning to appeal the case of L. A. Frazee against the commission, which was decided here in favor of Mr. Frazee and the Connersville telephone company. Clerk Moore received a letter this morning from Ele Stansbury, attorney general, asking that a transcript of the evidence in the case be sent him as the commission was preparing to take an appeal. The attorney general stated that he had been directed by the Public Service Commission to proceed with the appeal.

This is the first direct hint that the case would be taken to the higher court although it was believed at the time Judge Sparks granted a permanent injunction against the enforcing of the order against the telephone company, that an appeal would be taken.

W. G. MULNO CAN'T SERVE

Place on Board to be Filled as His Clerks Have Gone to War

William G. Mulno, who was named as precinct registrar for precinct No. 3, Rushville township, finds that he will be unable to serve and has asked the conscription board to name a man in his place. The clerks at the Mulno store have all gone to war and for this reason Mr. Mulno finds it impossible to leave his place of business. The conscription board has not yet held a meeting to appoint a man to this vacancy. So far this is the only vacancy to fill.

The Red Cross needs you; join now.

JUNE 6 PICKED FOR EDUCATIONAL DAY

Township Trustees Fix Date For Annual Exercises and Select Horace Ellis to Speak

JAMES G. MILLER RE-ELECTED

At the monthly meeting of the township trustees yesterday June 6 was set for the date of holding the educational day exercises. The exercises will be held in the Graham Annex auditorium and the speaker will be state superintendent of public instruction, Horace Ellis.

At this time it is impossible to tell the number of eighth year graduates. The examination papers for the April examination will not be graded for two weeks yet and then those that received conditions will be given an opportunity to pass off the conditions at a special examinations.

James G. Miller was re-elected attendance officer for another term of one year. There was no opposition to Mr. Miller and the trustees were unanimous in expressing their belief that he is the most efficient man they could secure for the place.

ARGENTINA NOT SATISFIED

Likely to Break With Germany Over Sinking of Vessel

(By United Press.)

Buenos Aires, May 2.—Germany's explanation of the torpedoing of an Argentine steamer is unsatisfactory to the Argentine government, according to information today. It was believed that Argentina will announce a break in relations with Germany. No announcement was made as to the excuse advanced by Germany for the sinking of the steamer.

LITERALLY POURING INTO COUNTY COFFERS

Taxes Are Being Paid Rapidly, \$10,000 Being Received Yesterday, As Time Nears End

BALANCE OF \$78,301.30 MAY 1.

Money is literally pouring into the coffers of Rush county, but even at that there must be a deluge if all the money outstanding is paid into the county. Up until May 1 the sum of \$221,698.70 had been paid in, leaving a balance to be collected in seven days of \$78,301.30. The treasurer's office had a good day yesterday, collections amounting to \$10,000.

The office will be open at night on Friday and Saturday of this week and on Monday, the last day for paying the spring installment. The country people are expected to swamp the office on Saturday and for this reason the city people are urged not to come to the office on this day. Hundreds of people are preparing to pay their taxes by mail. Each mail brings in requests for the amount of taxes. In many cases blank checks, signed ready for the treasurer to fill in, are received.

WALTER G. DUKE

Society

All the members were present last evening, when Mr. and Mrs. Fred Boxley entertained their 500 club, at their home in North Morgan street. Apple blossoms made a festive decoration for the home. After the fascinating rounds of cards, a delectable luncheon was served.

The Young men of the Christian Union of the U. P. church entertained the ladies last evening at the home of Mr. and Mrs. B. L. Trabue in North Harrison street. The first part of the evening was given over to business, followed by guessing contests and games. Potted plants added to the beauty of the home and refreshments were served to the twenty-five members, who were present.

Nineteen members of the S. E. T. Embroidery club and several guests were delightfully entertained by Miss Lucy Inlow at her home yesterday afternoon. Masses of Sweetpeas and violets adorned the pretty home. A clever contest was introduced in which Mrs. Frank Wilson was awarded the pretty prize. The remainder of the afternoon was whiled away with needlework, and refreshments were served by the hostess.

Mr. and Mrs. W. H. Hudson entertained at their country home northwest of the city Sunday, a number of friends and relatives, at a well appointed dinner. The guests, who enjoyed the affair, were Mr. and Mrs. Norval Hudson and sons, Lowell and Robert, Mr. and Mrs. Davis Wright and sons, Earl, Glen and Roy, Mr. and Mrs. Kirt Benson and children, Lena, Geneva, Virgil and Elmer, Miss Ora Hudson and Chester Stevens.

Thirty-nine of the W. R. C. Penny Social enjoyed the regular meeting yesterday afternoon, with Mrs. Lydia Turner, at her home in East Eleventh street, with Mrs. Goodin and Mrs. Dawson assisting. Pink carnations were used in the decoration of the home. The first part of the afternoon was spent with piecing a quilt, after which the guests enjoyed games and contests, and the old witch came in on a broomstick. Splendid refreshments were served by the hostesses.

Mrs. C. W. Saxon entertained all of the members of the Sorosis club, and two guests, Miss Marian Frye and Mrs. E. R. Jeffrey, yesterday afternoon at her home in Falmouth. Large french baskets of pansies were used throughout the home. A short program was carried out, including a paper on "The Making of Films," illustrated by pictures by Mrs. Murphy; Mrs. Britt gave a review of Shakespeare's "King Lear," and responses were made by the

Social Calendar

Thursday

Yomo club with Mrs. Claude Smith, 533 North Sexton street.

Harmony club with Miss Flora Gutaphel, at the home of Mr. and Mrs. Beer, in Jersey City.

Charity card party at the Social Club in the afternoon.

members. An elegant course dinner was served at the close of the afternoon. Mrs. J. T. Paxton and Mrs. H. H. Elliott and daughter Florence of this city were in attendance.

A quiet wedding was solemnized yesterday afternoon at 2:00 o'clock, the Rev. C. M. Yocum officiating, when Miss Agnes Foster, daughter of Mrs. W. E. Foster and Floyd Perkins of Connersville were married. Mr. and Mrs. Perkins will make their home in Connersville.

The twelve members of the Evening Card club surprised Mr. and Mrs. Wilbur Stiers, last evening at their home in North Perkins street, the occasion being the first anniversary of the club and Mrs. Stiers' birthday. After a pitch-in supper was served, the remaining hours of the evening were spent playing 500.

The last dance of the season was given at the Social club last evening, with about sixty in attendance. After an elegant supper, the guests enjoyed the merry rounds of dancing, for which the Mitchell orchestra provided the music. The Misses Helene Whitesides of Franklin and Nora Pence of Oxford were the only out-of-town guests.

One of the novel affairs of the week was an announcement party given by Miss Leona Brooks, Sunday evening at her home near Falmouth, when she announced her engagement to Elmer Darnell. Baskets of sweetpeas and violets adorned the table. Each plate was marked with place cards on which were tiny cupids pointing to the words, "I told you so." An elegant course supper was served to the following guests: the Misses Mary Hinchman, Doris Saxon, Sylvia Nelson, Mary Duncan, Martha Crayton, Iona Piper, Vella Tinder, Howard and Horace Kehl, Curtis Scholl, Orval Martin, Glen Smelser, Van Lewark Elmer Darnell, George Peters, and Bert Hinchman. The wedding will take place some time in June.

The Roswell N. M. Evening News containing an article about the annual concert of the Guffin family—Andrew Guffin and his children, formerly of this county—has been received here. It says:

A splendid audience was present Tuesday night to listen to the annual program of the talented Guffin family, consisting of father, three sons and the two daughters. For a number of years this family has maintained a very fine family orchestra, and are now developing a family of singers as well. With the exception of Miss Lois, all of the members of the family contributed vocal solos during the program, which were well received. Layton and Miss Frances were particularly pleasing in this respect, singing with intelligence and fine enunciation. A very delightful feature were the readings by Miss Lois, who proved to be very talented in this respect. Layton and Virgil pleased immensely by the unique clarinet and cornet duet, and not the least in the audience's favor was the small son, Andrew, who in his gay and cheerful childish manner contributed a group of piano solos and a vocal solo. Mr. Guffin, the father of the group, delighted the audience with a couple of songs of familiar things, and brought the hearers back to the old days. It was a splendid program of real charm by a charming and splendid family.

Amusements

Kolb and Dill, Mutual mirth producers will be seen at the Gem tonight in "A Peck O' Pickles." It is some jump from the present day back along the rocky road of time to the Civil war days and see Abraham Lincoln in all his ugly splendor, and then in one leap blow into the year 1960. Yet this is what these famous comedians do in this five reel comedy. They are supported by May Cloy. Tomorrow June Caprice will be seen in the feature drama "The Ragged Princess."

The Lyric offers the next chapter of "Pearl of the Army" for the first picture tonight. Pearl White is featured as usual and this chapter is said to be one of the most thrilling of the entire series. The second picture is a two act drama entitled "Against Heavy Odds." The program ends with the comedy "Jerry on the Job." Tomorrow Vivian Rich will be seen in the drama "Atone-ment."

Mabel Taliaferro, the fascinating and talented star will be seen at the Princess tonight in "God's Half Acre," said to be one of the prettiest and most charming stories ever presented in the silent drama. The story deals with a little girl named "Blossom," the servant in an aged folks' home known as "Rainbow's End." The kindly old inmates call her "The Angel of Rainbow's End" as she is forever administering to their wants and their comforts. A well-known novelist comes to the home to get material for a certain chapter in a book he is writing. But once he became acquainted with "Blossom" he soon finds himself writing her into the book. The story is handled in a pleasing and unusual manner, and there are many surprises and tense situations.

The dramatic event of the current season will transpire at the Shubert Murat, Indianapolis May 7-8-9 when William Hodge is seen in "Fixing Sister," the four act blend of drama, comedy and farce of which the New York Globe said "Every bit as good as 'The Man From Home.'" The Chicago Daily News declared, "A Charming play beautifully staged," the Boston Herald volunteered: "Mr. Hodge is an ideal vehicle is a joy and entertainer in himself," and the Rev. J. P. Brushingham, famous pastor of Chicago's South Park M. E. Church wrote after seeing the play during its Chicago engagement, "Fixing Sister," is a play every man, woman and child should see. It is a credit to the American stage." A symposium of praise which has been endorsed by Boston, New York and Chicago audiences between which Mr. Hodge has been dividing his time during the past two seasons.

Nor is the reason of the stupendous success of the foremost star of the American stage in his new vehicle far to seek, for in "Fixing Sister," he portrays that shrewd, yet kindly humorous type of wholesome American character of which Mr. Hodge is indisputably the leading exponent, the dominating figure of the story being a Kansas City lumberman who travels to New York to save his sister from a couple of English sharks, and loosen the fingers of his own pretty sweetheart from the coat-tails of titled Britannia.

In his new portrayal Mr. Hodge offers an evolutionized "Man From Home" in a play which scintillates with clever repartee and is set in an atmosphere of Metropolitan smartness. In support of the star the company with him in New York, Boston and Chicago is held intact including Marian Collins, Jane Wheatley, Ida Vernon, Hamilton Deane, Charles Canfield, George Lund, and thirty Broadway favorites.

The opening performance has been bought by the Shriners for their last theatre party of the season, but the remaining three performances will be open to the general public. Seats are now selling. Tickets can be had from Hargrove & Mullin, agent in your city.

KNIGHT TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will hold their regular stated convocation on Wednesday evening beginning at 7:30. Sir Knights are requested to attend.

A store for the Baby as Well

Baby Week

This store is in hearty accord with the purposes and intentions of Baby Week, and is assured that the efforts for better babies is one of the greatest movements of modern times.

The baby participates fully in this store's displays, and is given its rightful share in the careful selection of merchandise particularly fitted for its needs.

We can outfit the Baby from head to foot. Here are a few things shown:

- | | | |
|----------------------|-------------|--------------|
| Dresses | Shirts | Knit Saques |
| Slips | Bands | Coats |
| Gowns | Binders | Capes |
| Skirts | Wrappers | Sweaters |
| Hoods | Hose | Birdseye |
| Embroidered Flannels | Bootees | Records |
| White Goods | Shoes | Baskets |
| Laces | Stewart's | Toilet Sets |
| Ribbons | Safety Pins | Castile Soap |
| Blankets | Talcum | Rattles |

If you will take the time to look, you will find that you can purchase many articles of the baby's wearing apparel ready made, just as well made, and a great saving in time and trouble to yourself.

See Our Baby Window

THE BURKLAND SHIRT

for Baby is the best garment of this kind we have ever found. See its improvement over other makes.

STOCKING FORMS

in all sizes to dry the baby's wool stockings on.

GORDON HOSE

in all wool, part wool, and cotton—the kind that wear and stay good looking.

FORMER HOOSIER SAYS REVOLT WAS BLOODY

Revolution in Russia Not as Bloodless as Believed Here, W. H. Winterrowd Declares

FORMERLY OF SHELBYVILLE

New Albany, Ind., May 2.—"The revolution in Russia was not as bloodless an affair as is believed generally in this country," said W. H. Winterrowd of Montreal, Canada, formerly of Shelbyville, Ind., who has just arrived from that country after a sojourn of four months in the interests of the Russian railroads. Mr. Winterrowd was in Petrograd during the entire eight days of the revolution and saw some of the fighting between the Russian police on one side and the soldiers and the citizenry on the other. He said the police had machine guns, which were mounted on the tops of buildings in Petrograd and that they were turned on the soldiers and the people on the streets, many of whom were killed before the police were overpowered and the guns captured. Accompanied by George Bury, senior vice president of the Canadian Pacific Railway Company, and Lord Milner, head of the railroads of Great Britain, Mr. Winterrowd, who is mechanical engineer of the Canadian Pacific, went to Russia to aid in straightening out the badly congested railroad traffic in that country.

STANDS READY TO ENLIST

Connersville Shoe Merchant, Former Britisher, Wants to Go.

Connersville, Ind., May 2.—George Douglas, a shoe merchant and native of England, who, at the age of 14, enlisted before the mast during the reign of Queen Victoria, is ready to quit his store and asserts he will enlist in the United States Navy if the department will accept him. Douglas believes that the age limit should be raised to 45. He will confer with the representative from the sixth district and Senator Watson in an effort to have them secure permission for him to join the deep sea fighting force.

NOTICE OF IMPROVEMENT RESOLUTION

To Whom It May Concern:

Rushville, May 1, 1917.
Notice is hereby given by the Common Council of the City of Rushville, Indiana, that it is desired and deemed necessary to make the following described public improvements in the city of Rushville, Indiana, as authorized by Improvement Resolution No. 59, adopted by said common council on the 1st day of May, 1917.

The improvement of Cherry street in said city, from 11th street to first alley north of 12th street by constructing 4 feet 6 inch cement sidewalk on east side of said Cherry street.

All work done in the making of said described public improvements shall be in accordance with the terms and conditions of the said improvement resolution and the detailed drawings, plans, profiles and specifications which are on file and may be seen in the office of the city clerk of said city of Rushville.

The Common Council of said city has fixed Tuesday, the fifth day of June, 1917, as a date upon which remonstrances may be filed or heard by said described public improvement and on said day at 7:30 o'clock p. m., said common council will meet at the council chamber, in said city of Rushville, for the purpose of hearing and considering any remonstrances which may have been filed, or which may be presented, and will hear all persons interested in or whose property is affected by said proposed improvements, and will decide whether the benefits that will accrue to the property, abutting and adjacent to the proposed improvement, and to said city, will be equal to or exceed the estimated cost of the proposed improvement, as estimated by the city civil engineer.

WILL SEND TROOPS WHEN ALLIES CALL

United States Stands Ready to Place a Force on the Battle-front in France

IT IS QUESTION OF SPACE
General Belief Way Will be Found to Send Troops for Moral Effect of Allies

Washington, May 2.—The United States stands ready to send an army to Europe, whenever the allies deem it wise to direct the necessary shipping from transporting food to transporting men. It became known definitely that the government has offered the allies troops, but has suggested that the alarming shortage of world shipping may make it impractical to send them at once. In spite of objections of the general staff to putting any American forces on the firing line before the great war army has been raised and trained, the administration has determined that the small contingent earnestly desired by France for moral effect shall be sent as soon as possible. The general belief here is that the way soon will be found.

Whether the force first to carry the Stars and Stripes into battle in France, shall be made up of regulars or national guardsmen, or both, has not been worked out. The subject was not discussed at yesterday's cabinet meeting, but Secretary Baker remained afterward for a conference with President Wilson.

State department officials have continuously urged the sending of an army, solely for its psychological effect not only in encouraging the allied troops, but in discouraging the Germans. Convinced that the diplomatic advantages far outweighed the technical and training difficulties advanced by the general staff, they have felt that such a step would consecrate the United States as a full member of the alliance entitled to a most honorable seat at the peace conference.

Some of those who have vigorously opposed an early expeditionary force as interfering with the training of a larger army have modified their views as a result of the arguments advanced by the military experts with the French commission here that training can be much better carried out in France within sound of the guns. Nevertheless the opposition of the staff has not wavered.

Conferences on the war army bill, passed for a second time by the senate yesterday, probably will not begin for several days. Conferees of the senate and house meet today, but they also have the task of smoothing away differences over the annual army appropriation bill, and they will take up that task first. There are not many points of disagreement in the appropriation bill, and leaders hope to see both measures completed in time to have President Wilson attach his signature during the present week.

The senate passed the war army bill again to clear up parliamentary tangles without any prolonged discussion and without any serious effort to revive the struggle over the volunteer system as opposed to the selective draft feature, which consumed most of the time in last week's debate. Senator LaFollette spoke in support of the substitute with a referendum on raising an army by draft to send to Europe, but it was defeated, 68 to 4.

Principal points of difference between the houses include the so-called Roosevelt volunteer amendment in the Senate bill; the difference in the ages subject to selective draft, the senate bill specifying those between 21 and 27, and the house, 21 and 40, and the senate bill's army prohibition section.

A compromise is expected on the age limits, possibly fixing the minimum at 21 and the maximum at 35. The house representatives probably never will accept the Roosevelt amendment, which would permit the former president to raise four infantry divisions for duty on foreign soil.

**Senreco**
The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

The Tire That "Stands Up"

There is one word that the average motorist associates entirely too frequently with his tire experience. That word is luck. Not puncture luck, but service luck. This was realized when

THE GENERAL TIRE

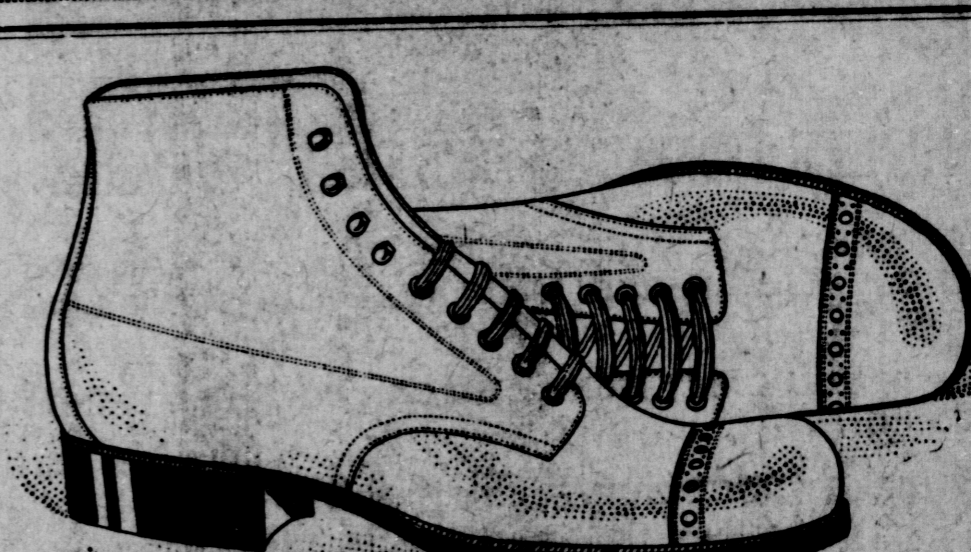

was still an idea. That realization has shaped the entire course of the manufacture of this tire. You need just the kind of tire THE GENERAL is.

Recruiting is Stimulated After Navy Meeting Here

APPEAL MADE FOR FIRST DEFENSE LINE

Charles A. Bookwalter and Two
Seamen Speak to Large Crowd
in Court House Assembly

SERVICE IN NAVY EXTOLLED

Former Indianapolis Mayor Points
Out Nation's Claim on Young
Men and Advantages of Sailor

An ardent appeal for the young men of Rush county to respond to the call of their country by enlisting in the first line of defense—the navy—was made last night at the court house assembly room by three men—one whose son has already offered his services to the country and whose father was fighting for the union when he was born, and two others who have seen service in the navy and extolled its advantages.

Charles A. Bookwalter of Indianapolis first made an appeal for the navy, outlining the continued affronts of Germany and recalling the patience that President Wilson had exhibited. First Gunners Mate M. B. Goldfarb and Gunners Mate Raper explained service in the navy and the opportunities it offered, also answering questions asked by the people in the crowd.

The court house assembly room was crowded and intense interest was manifested. The speakers were frequently interrupted by applause. Robert E. Mansfield, a close friend of Mr. Bookwalter, presided and introduced all of the speakers. The orchestra of the Main Street Christian Sunday school played and was applauded.

Mate Goldfarb called attention to the fact, which has been announced in the newspapers, that he will be at the postoffice the remainder of this week to get recruits from Rush county. He said he would spend the first four days of next week in Connersville and that if it was made interesting enough here for him he would remain over Sunday and not go to Connersville until Monday.

Mate Raper aroused a patriotic outburst of applause when, near the end of his brief speech, he said that the score was two to one in favor of the kniser because submarines had sunk two armed merchantmen and the United States had sunk only one submarine, and appealed to the young men of Rush county to get into the navy, train and help even up the score.

Mr. Bookwalter referred with much feeling to the action of his son, an officer at Culver military academy who graduated with honors this year, in offering to fight

Continued on Page 8.

May "White Sales"

May is set aside by many stores as the month for their Spring white sales.

The merchandise offered in these events is of a kind and character that appeals to every woman.

The opportunity these sales offer to replenish her wardrobe is one she does not want to overlook.

By reading the advertising in The Daily Republican, wise women keep posted on what the different stores are doing.

It saves time and very often money to "shop around" through the newspapers before making the tour of the stores themselves.

MAY BE PLACED IN FOURTH REGIMENT

Captain Kiplinger Considers Putting
National Guard Company in
New State Organization

30 MORE MEN ARE RECRUITED

The Rushville company of the National guard may be placed in the Fourth regiment instead of the First regiment as was originally intended. Sufficient new units have been secured to form a new regiment to be known as the Fourth and Capt. Kiplinger is considering placing the company in this organization. He was in Indianapolis again this afternoon for a conference with the adjutant general and it was expected to be definitely settled today. Capt. Kiplinger sees an advantage to belonging to the new organization.

Recruiting to full war strength goes on here. Thirty recruits have been signed and will be examined Saturday when Lieut. Brunner of Greenfield will be here to conduct the examination. It is pointed out that there is an advantage of belonging to the Rushville company since conscription is bound to come.

Under conscription the men secured will be scattered broadcast by the government to fill vacancies here and there and the men would never be together. By joining the local company the men are assured of being with companions they know.

STATIONS MUST BE DISMANTLED

Jesse Poe Receives Letter From U.
S. Director of Naval Communication Regarding Wireless

U. S. PROCLAMATION IS CITED

Six Stations in This County Are
Out of Commission Because
of President Wilson's Order

Jesse Poe has received a letter from D. W. Todd, commander of the United States navy and director of naval communication, in response to a letter from the Rushville man, citing the president's proclamation regarding the dismantling of wireless stations and giving the reasons why the amateur stations must be put out of commission.

When the president's proclamation was issued several days ago, there were five wireless stations in operation in the county, but all are reported now to be dismantled. There were six counting Jesse Poe's but his had not been in operation for sometime because the wind damaged it and repairs had not been made.

Mr. Poe had no direct orders to discontinue the use of the wireless. He was getting the time from Washington through Ruell Bennett's station a short distance west of the city after his was put out of commission. He did not wish to accept the order as the proclamation printed in the newspapers directed, and wrote the department at Washington.

The letter today was the result. A copy of the president's proclamation was sent in the letter by direction of Secretary of the Navy, Daniels.

Commander Todd pointed out that the proclamation referred to all sorts of wireless receiving stations.

On account of the great number

FIVE RECRUITED FOR WAR SERVICE

One Rush County Boy Selects The
Navy and Four Others Will
Try For the Army.

POSTMASTER SETS FAST PACE

Gunners Mate Goldfarb is at Post-
office Recruiting for Navy—
Prospects Are Good

M. B. Goldfarb, first gunners mate attached to the Indianapolis navy recruiting office, who opened a four days recruiting campaign here this morning, will not have much to do if Postmaster Hunt keeps up the pace he has set in the last two days.

Yesterday he sent two men to Indianapolis, one for the navy and one for the United States infantry, and this morning he sent three more for the infantry. Other young men are considering the navy and have been talking over the matter with Postmaster Hunt. A week ago last Friday the postmaster sent 6 men to the marines and every one of them passed. This was an especially good record because entrance to the marine corps is very stringent.

Theodore Taylor of near New Salem is the latest recruit to the navy from here. Frank Owens passed the examination to enter the army in Indianapolis yesterday and Charles Bartlett, Ed Campbell and Francis Joyce went to Indianapolis this morning to try to get into the army. Frank Owens will leave Thursday to join the army.

Theodore Taylor passed when examined by a local physician but has to pass the test of a navy physician before he is accepted. The navy has an arrangement whereby men wishing to enter may be examined by a physician at their home, and if they pass, they are allowed to go to the nearest station for examination. If they fail to pass there, expenses to and from their home are paid by the government.

Postmaster Hunt tried to get the three men who went to Indianapolis this morning for the navy, because particular stress is being laid on that branch of the service just now, but they were all determined to join the army. Frank Owens served with Battery B, on the border when the national guard was mobilized several months ago.

The six men who the postmaster sent to the navy about ten days ago were Fred Soaney, Roy Culbertson, Carmon McKinney, William Trobough, Clarence Myers and Thomas Saunders.

Mate Goldfarb was busy today getting acquainted in Rushville. He had several inquiries at the meeting last night and prospects are that he will gain several recruits for the navy from the county. He will be stationed at the postoffice until Saturday night.

Postmaster Hunt received letters this morning from Myers, Saunders and Spacey, who are stationed at a navy training school at Port Royal, S. C. They all said that they were immensely pleased with the navy and were glad that they had taken the step that they did.

CONTE LECTURE TONIGHT

Miss Anita Conte of Indianapolis will give the third and last of her series of lectures on Venice tonight in the Graham school building as a public room. She will be assisted by her sister who will sing. The lecture will be given from 7:30 to 9:30 p. m.

TAKES COGNIZANCE HIGH LIVING COST

City Council Makes General In-
crease in Pay of City Em-
ployes at Regular Meeting

ADVANCE ALL ALONG THE LINE

Date For Clean-up Week Held Open
Until Weather Gets Better—
Coal Price Increases

The city council took cognizance of the high cost of living last night and granted an increase in pay to all of the city employes. The raise affects the employes of the water and light plant, the fire department and the street cleaning department. The police were given a five-dollar increase last month.

The men in the street department were given a ten per cent increase. Street laborers who have been getting twenty cents an hour will hereafter receive twenty-two cents an hour. This will make \$2.20 for a ten-hour day. Teamsters in this department will receive 44 cents an hour instead of 40 cents and the street commissioner was given a \$5 a month increase, making his salary \$55 a month. The two street sweepers, John Singer and John Jordan, were given \$1 a week increase, making them receive \$12 instead of \$11.

The three members of the fire department were given five dollars additional on the month, making them receive \$55 a month under the new scale. The men affected in this department are the assistant chief, the driver and assistant driver.

The water and light employes were given an increase of five per cent. This affects engineers, firemen, coal shovelers, linemen and assistant engineers. These employes were only recently given a five per cent increase. Under the new scale the chief engineer will receive \$73 a month. Resolutions changing the salary ordinances were passed under suspension of the rules.

No definite date was named for clean-up week. The weather has been so bad that it would have been impossible to get ready for the clean-up next week. The matter was discussed, however, and as in years past the city reached the conclusion that it would haul no ashes. Many people have been placing their ashes in the alleys expecting the city to haul them, but this plan was never followed in the past and will not be in the future.

Plans and specifications for the sidewalk improvement on the east side of Cherry street, north from Eleventh street, were adopted and June 5 set as the time for hearing remonstrators. The sidewalks will be placed out to the curb line and will be four and one-half feet wide.

The city is being hit by the increasing coal prices just the same as a small consumer. Supt. Mahin told the council of a letter from the Indian Creek Coal and Mining company announcing a twenty cent increase. The city contracted with this company for a year's supply of coal, the price being \$1.70 laid down in Rushville. Recently a five cent increase was announced and now the mine owners are paying the laborers twenty cents more on the day and as a result the city has to stand the advance, making the city's coal cost \$1.95 instead of \$1.70.

And all of this happens in spite of the fact that the city has a written contract with the mining people. There is no recourse for the city, however, as the contract contains a clause to the effect that if any unavoidable condition arises to affect the price, the quotation would not be binding. This contract does not expire until next August and even then the twenty cent increase the city is paying may be cheaper than

THIRTEEN SEAMEN MISSING

American Steamer Rockingham Tor-
pedoed and Sunk by Submarine

(By United Press.)

London, May 2.—Thirteen members of the American steamer Rockingham, torpedoed and sunk by a German submarine, were missing today.

Thirty-three survivors were picked up by a patrol boat. The survivors were in two life boats. One boat containing the thirteen men is unaccounted for.

MARKS FIRST STEP OF CO-OPERATION

Meeting of State Defense Council is
Addressed by Secretary Lane
and Secretary Baker

SUBMARINE WAR EMPHASIZED

State Representatives Hear 400,000
Tons of Shipping Was Destroyed
Week Before Last

(By United Press.)

Washington, May 2.—Four hundred thousand tons of shipping was destroyed by submarines week before last, according to shipping men's estimates, Secretary of Interior Lane told representatives of the state defense council at their opening session here today.

If this proportion continues, he declared, it would seriously threaten the life of Great Britain and France. He pointed out that the United States must aid thoroughly in replacing the shipping.

American inventive genius, Lane asserted, would find some means of combating the submarine. He indicated the patent office already is beginning to receive American inventor's ideas.

Secretary of War Baker told the state representatives that the state and national governments must work in closest co-operation if we are to be successful in the war.

He declared that this co-operation is necessary in raising the army authorized by congress.

Baker announced that every effort will be made to preserve the National guard in building up the great army.

The meeting today marked the first real step of organized co-operation between states and the federal government in the matters of national defense.

MORE SURVIVORS OF VACUUM ARE REPORTED

Board Landed on Island Near
English Coast Sunday But
Couldn't Send Message

INDIANAPOLIS MAN SAVED

(By United Press.)

London, May 2.—The second boat load of survivors of the American armed steamer Vacuum has been saved, it was announced today. The additional survivors include Capt. Harris and two other members of the crew and four American gunners of the vessel.

The men were landed on an island near the coast on Sunday but were unable to report their safety on account of a lack of telegraphic communication. Among those saved was James E. Williams of Indianapolis.

Capt. Harris reported that Lieutenant Thomas, commanding the gunners on board the vessel, had been lost and three gunners were still missing.

Miss Anna Williams, sister of James E. Williams, was reported from the ship.

PEACE PROPOSALS MAY BE CONSIDERED

If Germany Offers Strongholds in
Bulgaria, Servia and Turkey,
Parley is Likely.

OTHERWISE BELIEVED FAKE

Peace Made on Concessions on West-
ern Front Will Mean Only Breath-
ing Spell For Teutons.

3 BILLION APPROPRIATED

(By United Press.)

Washington, May 2.—The House passed today the army and navy appropriation bill, totalling nearly \$3,000,000,000 by a vote of 362 to 1. Representative London, socialist, voted against the bill.

BY GEORGE R. MARTIN

(U. P. Staff Correspondent.)

Washington, May 2.—If Germany's peace proposals, reported scheduled for tomorrow, include the giving up her strongholds in Bulgaria, Servia and Turkey, the allies may consider the proposition, it was stated today.

If Germany offers no such conditions in the peace proposal, the allies will take the peace move as a fake because Germany's control will give her a grip on a vital nerve center of the world.

A majority of the allies do not expect permanent peace in the sense that there will never again be a war. They will be satisfied with a peace lasting five or six generations.

A peace made on concessions on the western front alone—evacuation of Belgian and Alsace-Lorraine—the allies say, will mean only a brief peace, a mere breathing spell for the Teutons.

With important problems of America's participation in the war nearing completion, the war council today waited what Germany has to offer in the way of peace terms.

A high British commissioner expressed the opinion that six more days will find the world parley finished.

Secretary Balfour met Secretary McAdoo for a conference over financial problems.

TOMORROW SET FOR GERMAN PEACE OFFER

Just What Nature of It Will be is
Causing Speculation in Lon-
don—Germany Forced to It

PRESS REFLECTS SENTIMENT

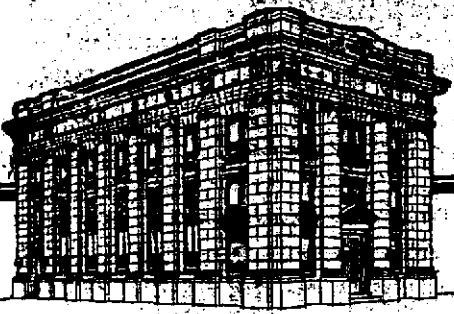

(By United Press.)

London, May 2.—What sort of peace terms German Chancellor Van Bethmann Hollweg will offer tomorrow before the German reichstag was considered here today. Most London newspapers agree that the chancellor's offer has been forced by growing unrest throughout the Central empire for some official statement of Germany's war aims.

German newspaper comment, including this extract from an editorial in the Tageblatt, exemplifies the unrest:

"We must openly admit that Germany is no longer to dictate peace terms, even if she strove for peace with an outward show of annexation which is not the case. Germany, however, demands a peace that will allow her freedom of trade and independence and guarantee her economic interests abroad shall be protected."

Madison, Ind., May 2.—Mrs. Minnie Meyers, 59 years old, a patient at the Southeastern Hospital for the Insane, eluded her attendants today and committed suicide by hanging herself to a ventilator frame with a sheet. Her home was at Connersville.

OUR SODA FOUNTAIN POLICY—Past and Present

FOR YEARS we have served the best quality sodas, ice cream and drinks obtainable in this city. We sincerely believe that we have given the people of Rushville ten cent goods for five cents. We have charged up the deficit to advertising as we did not see how we could spend this amount of money to better advantage. No matter where you go now you will pay ten and fifteen cents for ordinary quality sodas, etc. With the advance in cost of raw materials such as sugar, ice cream, cocoa, etc., we feel that we would rather maintain our Quality Reputation and give Rushville a Strictly Sanitary Service as well as the price of Ten Cents. Nothing is too good for your stomach's sake and you do like to be served with clean soda glasses and you will be if you get it here, as we use one glass to each individual customer then throw it away.

Frank E. Wolcott
RYALS DRUGGIST

Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly trout blood serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

No Branch of Live Stock is More Productive of Satisfactory Results Than This.

HOG ROUTE THE QUICKEST

High Prices in All Markets Disclose That Demand for Pork is in Excess of Supply

MEAT BY THE HOG ROUTE

The meat supply of the country can be increased more quickly by the "hog route" than by any other. The country's need to augment its supply is great but prevailing high prices alone should be sufficient inducement to farmers to raise more hogs. The prospect of success never was brighter. The high prices ruling in all markets show that the demand for pork is in excess of the supply.—U. S. Department of Agriculture.

No branch of live stock farming is more productive of satisfactory results than the raising of well-bred swine, if conducted with a reasonable care, according to the specialists of the Bureau of Animal Industry, U. S. Department of Agriculture. Hogs fit into the modern scheme of farming on nearly every farm, and are one of the most important animals to raise both for meat and for money. They require less labor, less equipment, and less capital, make greater gains per hundred pounds of concentrates fed, reproduce themselves faster and in greater numbers, and give a quicker "turnover" of money than any other animal except poultry. Farmers of the South and West particularly have awakened to the merits of the hog and are rapidly increasing their output of pork and their bank accounts.

The hog has no rival as a consumer of by-products and numerous unmarketable materials which but for him might be wasted. Kitchen refuse, not only from farms but also from hotels and restaurants, when cooked before being used makes an excellent feed.

The value of skim milk as a hog feed is known on every farm though not always fully appreciated. In the neighborhood of many large dairies pork production is a very prominent and lucrative supplement to the dairy industry.

To prevent tuberculosis, all milk and milk products should be cooked before being fed to hogs. To control hog cholera, use sanitary precautions and anti-hog-cholera serum treatment.

Give your hog every chance to become meat.

The hog is also a large factor in cheapening the production of beef. Hogs are placed in the cattle feed lots to utilize the corn and other feeds the cattle have failed to digest and which otherwise would be wasted. Hogs following steers in many cases have increased the profit per steer by from \$6 to \$8. Hogs should not be allowed to follow dairy cattle unless the cattle are tuberculin tested.

Demand Is Keen

Disease, such as cholera, has been taking a smaller toll the past season than in recent years; more pure bred and high-grade hogs are available than ever before; prices of hogs are now past the 16-cent level; demand for pork for home consumption and for export is keen. All of which means that the farmer who does not raise hogs is losing a chance to increase the supply of pork and thus serve the country and at the same time expand a profitable phase of farming.—U. S. Department of Agriculture.

Weathered, Pr. May 2. Elmer B. Connelly, the poet, who was the author of more than fifty volumes, died at his home in Cincinnati, Ohio, at the age of 70.

GRAIN QUOTATIONS ARE STRONGER TODAY

May Wheat in Chicago Gains Twelve Cents and Corn and Oats Also Are Higher.

HOGS ARE 25 CENTS LOWER

Grain quotations were stronger today. May wheat was twelve cents higher, almost regaining the loss of thirteen and a half cents of yesterday. Indianapolis hog prices were twenty-five cents lower with receipts 3,500 greater.

July wheat in Chicago was up seven and three-quarters cents and September, four cents. May corn advanced four and three-quarters; July, three and seven-eighths; September, two and three-quarters. May oats was up one and an eighth; July, two and three-eighths; September, one and three-eighths.

Wheat and oats in Indianapolis were steady but corn advanced slightly. On the local markets wheat advanced ten cents; corn, five cents, and rye five cents.

MATHEMATICS TO BE GIVEN OFFICERS CORPS

Franklin College Opens Department For Men Who Are Trying to Get Into Camp

COLLEGE WILL GIVE CREDIT

Franklin, Ind., May 2. — Prof. Frederick H. Hodge, head of the mathematics department in Franklin College, has opened a night school in mathematics for men who have applied for admission in the officers' training camp at Fort Benjamin Harrison. The work consists chiefly in the use of logarithms and a review of practical geometry and trigonometry. Capt. Charles Bowen, a veteran of the Spanish-American war, is in charge of the military drill, which is held every afternoon on Goodell field. President Balknap announced that two hours' credit will be given for the work. The following men have sent in their applications for entrance into the officers' training camp.

Hugh Lowery, Noble Carter, Wayne Merrill, Hallie Hamilton, Russell C. Wilson, Paul Shafer, Swan Swenson, John Bailey, Richard Creer, Bruce Bowen, Forest Ragedale, Conrad Hamilton, Horace McClain, Philip A. Schmith, Clarence Henderson, Yandel Cline, Vernon Templeton, George Walden, Melvin Losntter, Parker Wilson, Harold Overstreet, Will B. Nelp.

FATHER OF FORMER CONGRESSMAN DIES

John G. Gray, Age 89, Expires at His Home Near Orange of Erysipelas, Tuesday

FOUR CHILDREN SURVIVE HIM

John Gibson Gray, 89 years old, father of former congressman Finly Gray, died yesterday at his home near Orange. Mr. Gray had been in ill health for some time and had recently been suffering from erysipelas, which caused his death. Mr. Gray was widely known in this and Fayette county. He was born in Union county and lived most of his life in Fayette county.

Mr. Gray was married to Miss Mercy Demmores and to them six children were born, four of whom are living. Mrs. Gray died in 1912. The surviving children are Finly H. Gray, George Gray, Quincy Gray, Fletcher Gray and Miss Mabel Gray.

The funeral services will be conducted tomorrow morning at ten o'clock at the late residence and burial will take place in the Dale cemetery, Connersville.

COMMISSION MAY APPEAL PHONE CASE

Indicated Suit Decided Here Against State Utilities Board Will go to Higher Court

TRANSCRIPT IS REQUESTED

The Public Service Commission is planning to appeal the case of L. A. Frazee against the commission, which was decided here in favor of Mr. Frazee and the Connersville telephone company. Clerk Moore received a letter this morning from Ele Stansbury, attorney general, asking that a transcript of the evidence in the case be sent him as the commission was preparing to take an appeal. The attorney general stated that he had been directed by the Public Service Commission to proceed with the appeal.

This is the first direct hint that the case would be taken to the higher court although it was believed at the time Judge Sparks granted a permanent injunction against the enforcing of the order against the telephone company, that an appeal would be taken.

W. G. MULNO CAN'T SERVE

Place on Board to be Filled as His Clerks Have Gone to War

William G. Mulno, who was named as precinct registrar for precinct No. 3, Rushville township, finds that he will be unable to serve and has asked the conscription board to name a man in his place. The clerks at the Mulno store have all gone to war and for this reason Mr. Mulno finds it impossible to leave his place of business. The conscription board has not yet held a meeting to appoint a man to this vacancy. So far this is the only vacancy to fill.

JUNE 6 PICKED FOR EDUCATIONAL DAY

Township Trustees Fix Date For Annual Exercises and Select Horace Ellis to Speak

JAMES G. MILLER RE-ELECTED

At the monthly meeting of the township trustees yesterday June 6 was set for the date of holding the educational day exercises. The exercises will be held in the Graham Annex auditorium and the speaker will be state superintendent of public instruction, Horace Ellis.

At this time it is impossible to tell the number of eighth year graduates. The examination papers for the April examination will not be graded for two weeks yet and then those that received conditions will be given an opportunity to pass off the conditions at a special examinations.

James G. Miller was re-elected attendance officer for another term of one year. There was no opposition to Mr. Miller and the trustees were unanimous in expressing their belief that he is the most efficient man they could secure for the place.

ARGENTINA NOT SATISFIED

Likely to Break With Germany Over Sinking of Vessel

(By United Press.)
Buenos Aires, May 2.—Germany's explanation of the torpedoing of an Argentine steamer is unsatisfactory to the Argentine government, according to information today. It was believed that Argentina will announce a break in relations with Germany. No announcement was made as to the excuse advanced by Germany for the sinking of the steamer.

Look Out For The Draft Volunteer---Don't Be Pushed In

The conscription bill is passed and the time for volunteering is short. You must act at once to escape the draft. You can't escape it after the law goes into effect.

The Rushville Company Is Ordered to War Strength By the Adjutant General

It is a volunteer organization. You enlist for the term of war only. You join a definite Indiana organization, backed by the State of Indiana, as well as the Federal Government. The only organization in this part of the State where you volunteer. There are places for a few more men.

JOIN THE RUSHVILLE COMPANY

Lt. Bruner will be at Dr. Lowell Green's office, Rushville, Indiana, Saturday, May 5th, 1917, at 1:00 P. M. to examine recruits.

ENLIST TODAY

LITERALLY POURING INTO COUNTY COFFERS

Taxes Are Being Paid Rapidly, \$10,000 Being Received Yesterday, As Time Nears End

BALANCE OF \$78,301.30 MAY 1.

Money is literally pouring into the coffers of Rush county, but even at that there must be a deluge if all the money outstanding is paid into the county. Up until May 1 the sum of \$221,698.70 had been paid in, leaving a balance to be collected in seven days of \$78,301.30. The treasurer's office had a good day yesterday, collections amounting to \$10,000.

The office will be open at night on Friday and Saturday of this week and on Monday, the last day for paying the spring installment. The country people are expected to swamp the office on Saturday and for this reason the city people are urged not to come to the office on this day. Hundreds of people are preparing to pay their taxes, by mail. Each mail brings in requests for the amount of taxes. In many cases blank checks, signed ready for the treasurer to fill in, are received.

A Penny Supper by the ladies aid of the First Baptist church, Tuesday evening, between 5 and 7. 40c.

NOTICE OF FINAL SETTLEMENT OF ESTATE.

Notice is hereby given to the creditors, heirs and legatees of James A. Carlin, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 17th day of May, 1917, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive share.

Witness, the Clerk of said Court, this 25th day of April, 1917.

Society

All the members were present last evening, when Mr. and Mrs. Fred Boxley entertained their 500 club, at their home in North Morgan street. Apple blossoms made a festive decoration for the home. After the fascinating rounds of cards, a delectable luncheon was served.

The Young men of the Christian Union of the U. P. church entertained the ladies last evening at the home of Mr. and Mrs. B. L. Trabue in North Harrison street. The first part of the evening was given over to business, followed by guessing contests and games. Potted plants added to the beauty of the home and refreshments were served to the twenty-five members, who were present.

Nineteen members of the S. E. T. Embroidery club and several guests were delightfully entertained by Miss Lucy Inlow at her home yesterday afternoon. Masses of Sweet-peas and violets adorned the pretty home. A clever contest was introduced in which Mrs. Frank Wilson was awarded the pretty prize. The remainder of the afternoon was whiled away with needlework, and refreshments were served by the hostess.

Mr. and Mrs. W. H. Hudson entertained at their country home northwest of the city Sunday, a number of friends and relatives, at a well appointed dinner. The guests, who enjoyed the affair, were Mr. and Mrs. Norval Hudson and sons, Lowell and Robert, Mr. and Mrs. Davis Wright and sons, Earl, Glen and Roy, Mr. and Mrs. Kirt Benson and children, Lena, Geneva, Virgil and Elmer, Miss Ora Hudson and Chester Stevens.

Thirty-nine of the W. R. C. Penny Social enjoyed the regular meeting yesterday afternoon, with Mrs. Lydia Turner, at her home in East Eleventh street, with Mrs. Goodin and Mrs. Dawson assisting. Pink carnations were used in the decoration of the home. The first part of the afternoon was spent with piecing a quilt, after which the guests enjoyed games and contests, and the old witch came in on a broomstick. Splendid refreshments were served by the hostesses.

Mrs. C. W. Saxon entertained all of the members of the Sorosis club, and two guests, Miss Mariam Frye and Mrs. E. R. Jeffrey, yesterday afternoon at her home in Falmouth. Large french baskets of pansies were used throughout the home. A short program was carried out, including a paper on "The Making of Films," illustrated by pictures by Mrs. Murphy; Mrs. Britt gave a review of Shakespeare's "King Lear," and responses were made by the

Thursday

Yomo club with Mrs. Claude Smith, 533 North Sexton street.

Harmony club with Miss Flora Gutaphel, at the home of Mr. and Mrs. Beer, in Jersey City.

Charity card party at the Social Club in the afternoon.

members. An elegant course dinner was served at the close of the afternoon. Mrs. J. T. Paxton and Mrs. H. H. Elliott and daughter Florence of this city were in attendance.

A quiet wedding was solemnized yesterday afternoon at 2:00 o'clock, the Rev. C. M. Yocum officiating, when Miss Agnes Foster, daughter of Mrs. W. E. Foster and Floyd Perkins of Connersville were married. Mr. and Mrs. Perkins will make their home in Connersville.

The twelve members of the Evening Card club surprised Mr. and Mrs. Wilbur Stiers, last evening at their home in North Perkins street, the occasion being the first anniversary of the club and Mrs. Stiers' birthday. After a pitch-in supper was served, the remaining hours of the evening were spent playing 500.

The last dance of the season was given at the Social club last evening, with about sixty in attendance. After an elegant supper, the guests enjoyed the merry rounds of dancing, for which the Mitchell orchestra provided, the music. The Misses Helene Whitesides of Franklin and Nora Pence of Oxford were the only out-of-town guests.

One of the novel affairs of the week was an announcement party given by Miss Leona Brooks, Sunday evening at her home near Falmouth, when she announced her engagement to Elmer Darnell. Baskets of sweetpeas and violets adorned the table. Each plate was marked with place cards on which were tiny cupid pointing to the words, "I told you so." An elegant course supper was served to the following guests: the Misses Mary Hinchman, Doris Saxon, Sylvia Nelson, Mary Duncan, Martha Crayton, Iona Piper, Vella Tindler, Howard and Horace Kehl, Curtis Scholl, Orval Martin, Glen Smelser, Van Lewark Elmer Darnell, George Peters, and Bert Hinchman. The wedding will take place some time in June.

The Roswell N. M. Evening News containing an article about the annual concert of the Guffin family—Andrew Guffin and his children, formerly of this county—has been received here. It says:

A splendid audience was present Tuesday night to listen to the annual program of the talented Guffin family, consisting of father, three sons and the two daughters. For a number of years this family has maintained a very fine family orchestra, and are now developing a family of singers as well. With the exception of Miss Lois, all of the members of the family contributed vocal solos during the program, which were well received. Layton and Miss Frances were particularly pleasing in this respect, singing with intelligence and fine enunciation. A very delightful feature were the readings by Miss Lois, who proved to be very talented in this respect. Layton and Virgil pleased immensely by the unique clarinet and cornet duet, and not the least in the audience's favor was the small son, Andrew, who in his gay and cheerful childish manner contributed a group of piano solos and a vocal solo. Mr. Guffin, the father of the group, delighted the audience with a couple of songs of familiar things, and brought the hearers back to the old days. It was a splendid

Amusements

Kolb and Dill, Mutual mirth producers will be seen at the Gem tonight in "A Peck O' Pickles." It is some jump from the present day back along the rocky road of time to the Civil war days and see Abraham Lincoln in all his ugly splendor, and then in one leap blow into the year 1960. Yet this is what these famous comedians do in this five reel comedy. They are supported by May Cloy. Tomorrow June Caprice will be seen in the feature drama "The Ragged Princess."

The Lyric offers the next chapter of "Pearl of the Army" for the first picture tonight. Pearl White is featured as usual and this chapter is said to be one of the most thrilling of the entire series. The second picture is a two act drama entitled "Against Heavy Odds." The program ends with the comedy "Jerry on the Job." Tomorrow Vivian Rich will be seen in the drama "Atonement."

Mabel Taliaferro, the fascinating and talented star will be seen at the Princess tonight in "God's Half Acre," said to be one of the prettiest and most charming stories ever presented in the silent drama. The story deals with a little girl named "Blossom," the servant in an aged folks' home known as "Rainbow's End." The kindly old inmates call her "The Angel of Rainbow's End" as she is forever administering to their wants and their comforts. A well-known novelist comes to the home to get material for a certain chapter in a book he is writing. But once he became acquainted with "Blossom" he soon finds himself writing her into the book. The story is handled in a pleasing and unusual manner, and there are many surprises and tense situations.

The dramatic event of the current season will transpire at the Shubert Murat, Indianapolis May 7-8-9 when William Hodge is seen in "Fixing Sister," the four act blend of drama, comedy and farce of which the New York Globe said "Every bit as good as 'The Man From Home.'" the Chicago Daily News declared, "A Charming play beautifully staged," the Boston Herald volunteered: "Mr. Hodge is an ideal vehicle is a joy and entertainer in himself," and the Rev. J. P. Brushingham, famous pastor of Chicago's South Park M. E. Church wrote after seeing the play during its Chicago engagement, "Fixing Sister," is a play every man, woman and child should see. It is a credit to the American stage." A symposium of praise which has been endorsed by Boston, New York and Chicago audiences between which Mr. Hodge has been dividing his time during the past two seasons.

Nor is the reason of the stupendous success of the foremost star of the American stage in his new vehicle far to seek, for in "Fixing Sister," he portrays that shrewd, yet kindly humorous type of wholesome American character of which Mr. Hodge is indisputably the leading exponent, the dominating figure of the story being a Kansas City lumberman who travels to New York to save his sister from a couple of English sharks, and loosen the fingers of his own pretty sweetheart from the coat-tails of titled Britannia.

In his new portrayal Mr. Hodge offers an evolutionized "Man From Home" in a play which scintillates with clever repartee and is set in an atmosphere of Metropolitan smartness. In support of the star, the company with him in New York, Boston and Chicago is held intact including Mariam Collins, Jane Wheatley, Ida Vernon, Hamilton Deane, Charles Canfield, George Lund, and thirty Broadway favorites.

The opening performance has been bought by the Shriners for their last theatre party of the season, but the remaining three performances will be open to the general public. Seats are now selling. Tickets can be had from Hargrove & Mullin, agent in your city.

KNIGHT TEMPLAR MEETING

Rushville Commandery No. 40 K. T. will hold their regular stated convocation on Wednesday evening beginning at 7:30 o'clock.

A store for the Baby as Well

Baby Week

This store is in hearty accord with the purposes and intentions of Baby Week, and is assured that the efforts for better babies is one of the greatest movements of modern times.

The baby participates fully in this store's displays, and is given its rightful share in the careful selection of merchandise particularly fitted for its needs.

We can outfit the Baby from head to foot. Here are a few things shown:

- | | | |
|----------------------|-------------|--------------|
| Dresses | Shirts | Knit Saques |
| Slips | Bands | Coats |
| Gowns | Binders | Capes |
| Skirts | Wrappers | Sweaters |
| Hoods | Hose | Birdseye |
| Embroidered Flannels | Bootees | Records |
| White Goods | Shoes | Baskets |
| Laces | Stewart's | Toilet Sets |
| Ribbons | Safety Pins | Castile Soap |
| Blankets | Talcum | Rattles |

If you will take the time to look, you will find that you can purchase many articles of the baby's wearing apparel ready made, just as well made, and a great saving in time and trouble to yourself.

FORMER HOOSIER SAYS REVOLT WAS BLOODY

Revolution in Russia Not as Bloodless as Believed Here, W. H. Winterrowd Declares.

FORMERLY OF SHELBYVILLE

New Albany, Ind., May 2.—"The revolution in Russia was not as bloodless an affair as is believed generally in this country," said W. H. Winterrowd of Montreal, Canada, formerly of Shelbyville, Ind., who has just arrived from that country after a sojourn of four months in the interests of the Russian railroads. Mr. Winterrowd was in Petrograd during the entire eight days of the revolution and saw some of the fighting between the Russian police on one side and the soldiers and the citizenry on the other. He said the police had machine guns, which were mounted on the tops of buildings in Petrograd and that they were turned on the soldiers and the people on the streets, many of whom were killed before the police were overpowered and the guns captured. Accompanied by George Bury, senior vice president of the Canadian Pacific Railway Company, and Lord Milner, head of the railroads of Great Britain, Mr. Winterrowd, who is mechanical engineer of the Canadian Pacific, went to Russia to aid in straightening out the badly congested railroad traffic in that country.

STANDS READY TO ENLIST

Connersville Shoe Merchant, Former Britisher, Wants to Go.

Connersville, Ind., May 2.—George Douglas, a shoe merchant and native of England, who, at the age of 14, enlisted before the mast during the reign of Queen Victoria, is ready to quit his store and asserts he will enlist in the United States Navy if the department will accept him. Douglas believes that the age limit should be raised to 45. He will confer with the representative from the sixth district and Senator Watson in an effort to have them secure permission for him to join the deep sea fighting force.

NOTICE OF IMPROVEMENT RESOLUTION

To Whom It May Concern:

Rushville, May 1, 1917.
 Notice is hereby given by the Common Council of the City of Rushville, Indiana, that it is desired and deemed necessary to make the following described public improvements in the city of Rushville, Indiana, as authorized by Improvement Resolution No. 59, adopted by said common council on the 1st day of May, 1917.

The improvement of Cherry street in said city, from 11th street to first alley north of 12th street by constructing 4 feet 6 inch cement sidewalk on east side of said Cherry street.

All work done in the making of said described public improvements shall be in accordance with the terms and conditions of the said improvement resolution and the detailed drawings, plans, profiles and specifications which are on file and may be seen in the office of the city clerk of said city of Rushville.

The Common Council of said city has fixed Tuesday, the fifth day of June, 1917, as a date upon which remonstrances may be filed or heard by persons interested in or affected by said described public improvement and on said day at 7:30 o'clock p. m. said common council will meet at the council chamber in said city of Rushville, for the purpose of hearing and considering any remonstrances which may have been filed or which may be presented, and will hear all persons interested in or whose property is affected by said proposed improvements, and will decide whether the benefits that will accrue to the property abutting and adjacent to the proposed improvement, and to said city, will be equal to or exceed the estimated cost of the proposed improvement, as estimated by the city engineer.

CARL E. GUNNING
 City Engineer

WILL SEND TROOPS WHEN ALLIES CALL

United States Stands Ready to Place a Force on the Battle-front in France

IT IS QUESTION OF SPACE
 General Belief Way Will be Found to Send Troops for Moral Effect of Allies

Washington, May 2.—The United States stands ready to send an army to Europe, whenever the allies deem it wise to direct the necessary shipping from transporting food to transporting men. It became known definitely that the government has offered the allies troops, but has suggested that the alarming shortage of world shipping may make it impractical to send them at once. In spite of objections of the general staff to putting any American forces on the firing line before the great war army has been raised and trained, the administration has determined that the small contingent earnestly desired by France for moral effect shall be sent as soon as possible. The general belief here is that the way soon will be found.

Whether the force first to carry the Stars and Stripes into battle in France, shall be made up of regulars or national guardsmen, or both, has not been worked out. The subject was not discussed at yesterday's cabinet meeting, but Secretary Baker remained afterward for a conference with President Wilson.

State department officials have continuously urged the sending of an army, solely for its psychological effect, not only in encouraging the allied troops, but in discouraging the Germans. Convinced that the diplomatic advantages far outweighed the technical and training difficulties advanced by the general staff, they have felt that such a step would consecrate the United States as a full member of the alliance entitled to a most honorable seat at the peace conference.

Some of those who have vigorously opposed an early expeditionary force as interfering with the training of a larger army have modified their views as a result of the arguments advanced by the military experts with the French commission here that training can be much better carried out in France within sound of the guns. Nevertheless the opposition of the staff has not wavered.

Conferences on the war army bill, passed for a second time by the senate yesterday, probably will not begin for several days. Conferees of the senate and house meet today, but they also have the task of smoothing away differences over the annual army appropriation bill, and they will take up that task first. There are not many points of disagreement in the appropriation bill, and leaders hope to see both measures completed in time to have President Wilson attach his signature during the present week.

The senate passed the war army bill again to clear up parliamentary tangles without any prolonged discussion and without any serious effort to revive the struggle over the volunteer system as opposed to the selective draft feature, which consumed most of the time in last week's debate. Senator LaFollette spoke in support of the substitute with a referendum on raising an army by draft to send to Europe, but it was defeated, 68 to 4.

Principal points of difference between the houses include the so-called Roosevelt volunteer amendment in the Senate bill; the difference in the ages subject to selective draft, the senate bill specifying those between 21 and 27, and the house, 21 and 49, and the senate bill's army prohibition section.

A compromise is expected on the age limits, possibly fixing the minimum at 21 and the maximum at 35. The house representatives probably never will accept the Roosevelt amendment which would permit the former president to raise four infantry divisions for duty on foreign soil.

Senreco
 The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggist or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

The Tire That "Stands Up"

There is one word that the average motorist associates entirely too frequently with his tire experience. That word is luck. Not puncture luck, but service luck. This was realized when

THE GENERAL TIRE

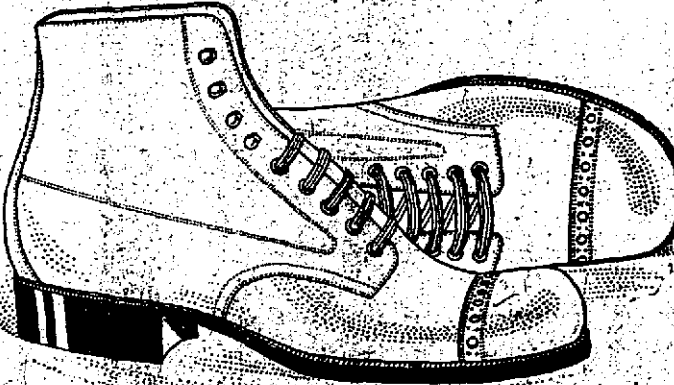

was still an idea. That realization has shaped the entire course of the manufacture of this tire. You need just the kind of tire THE GENERAL is.

**AN APPEAL IS MADE FOR
THE FIRST LINE OF DEFENSE**

Continued from Page 1
for his country. He said that when
he and Mrs. Bookwalter were at Cul-
ver a few Sundays ago and their
boy told them he was going to war,
either as an officer with their con-
sent through Fort Sheridan or as a
private without their consent. Mr.
Bookwalter declared though he felt
that his heart was being torn out of
his body, he told his son to go ahead
and was proud of him.

"Most willingly," he continued,
"would I change places with my son
but old age rules against me. A
thousand times would I change
places with him rather than see him
go to war just as his race of life is
beginning, but I would much rather
stand over his open grave than have
him called a 'slacker.'"

"I sometimes think that this war
is a blessing in disguise because it
will show that American patriotism is
as rampant as it was the days fol-
lowing the civil war."

Mr. Bookwalter said that as the
navy appeals to the young man with
special force, the party came to
Rushville to present two proposi-
tions: the claim the United States
has on her young men and the op-
portunities this branch of the ser-
vice offers.

"President Wilson is president
through no efforts of mine," said
Mr. Bookwalter, "but because of
circumstances over which I have no
control. However, through condi-
tions that exist in this democracy,
we reserve the right to criticize
men in high public places, but now
we are all Americans, not demo-
crats, republicans, progressives or
prohibitions. President Wilson
speaks for us as Americans."

Mr. Bookwalter said he was proud
of his ancestry because his father
was fighting to preserve the nation
when he was born and did not come
home until he was a boy three
years old. He declared that he felt
the blood was showing itself when
his son declared his determination to
go into the army. Mr. Bookwalter
commented on the fact that his son
had been chosen out of this year's
Culver graduating class to go to
West Point, which was a distinct
honor.

"I have been mayor of Indian-
apolis so many times I am ashamed
to mention it and have had other
honors in my life," continued the
speaker, "but I felt that my cup
was running over when I opened
that letter saying my son had been
named to represent Culver at West
Point. Much rather would I have
had that honor to come to my boy
than be elected governor of Indian-
a."

Mr. Bookwalter recalled that In-
diana gave 250,000 of her sons dur-
ing the civil war when Lincoln called
for volunteers but that the navy
recruiters had been going up and
down the state for weeks to raise
800 men to fill the state's quota in
the navy.

"Germany is committed to the
policy that the Yankees shall pay a
war indemnity," the speaker de-
clared. "If Germany wins we shall
have to pay it, but it will not be in
money because we will die fighting
first and will have to sacrifice the
blood of our young men. Besides,
why should we not go to the as-
sistance of the men in the trenches
who are standing between us and
the German determination to make
us pay their war debt?"

Mr. Bookwalter denounced the
"slacker" who "hears the call of the
yellow streak and rushes to the
marriage counter instead of answer-
ing the call of his country."

Gunnery Mate Raper said if he
had his way he would gladly be on
his ship on the Atlantic looking for
U-boats, "because that is what I
am trained for," but that the navy
had detailed him to try to explain to
young men the value of the navy, "a
thing which I am not trained for, so
I hope you will bear with me."

Utility Sale of China and Porcelain Ware

For those who "keep house" this is the big opportunity of the year
to save upon high grade semi-porcelain ware, both white and deco-
rated. Plan to replace your missing pieces and to secure new sets.

Ferry's Garden Seed in Bulk

of a good pension in old age. He
also has the opportunity of learning
any trade of his choosing, the sea-
man said, because the navy has
made a school of itself.

In response to a question from
one in the crowd, Mate Raper ex-
plained the daily routine on a bat-
tleship, revealing that the seaman
have some hours during the day for
leisure and that they have several
hours a day shore leave when in
port.

The seaman said he supposed ev-
erybody wanted to ask him one
question, but were afraid to—that
is why a navy man's trousers are
always larger at the bottom. He
said they were made that way so
they may be rolled up when a land-
ing is made because sailors always
have to wade in water to the shore
and would not want to wear wet
trousers for several hours ashore.

Mate Goldfarb dwelt more on the
pleasures of a seaman's life instead
of emphasizing the chances for
learning a trade. He told of having
taken a trip around the world with
the navy and of the many ports in
many climes that he had visited.
This he held out as an opportunity
that the average young man would
not get unless he joined the navy.

**COUNTY PAYS FOR
KEEPING STATE WARDS**

Sends Check For \$272.53 to Meet
Expense of Inmates in Girls
and Boys Schools

ALSO IN INSANE HOSPITALS

A check for \$272.53 for Rush
county's share of the cost of the
wards in state institutions was for-
warded today to Uz McMurtrie,
treasurer of state. The law pro-
vides that the county shall share
one-half of the expense for cloth-
ing of these inmates and the settle-
ment, which was for six months, was
made for this.

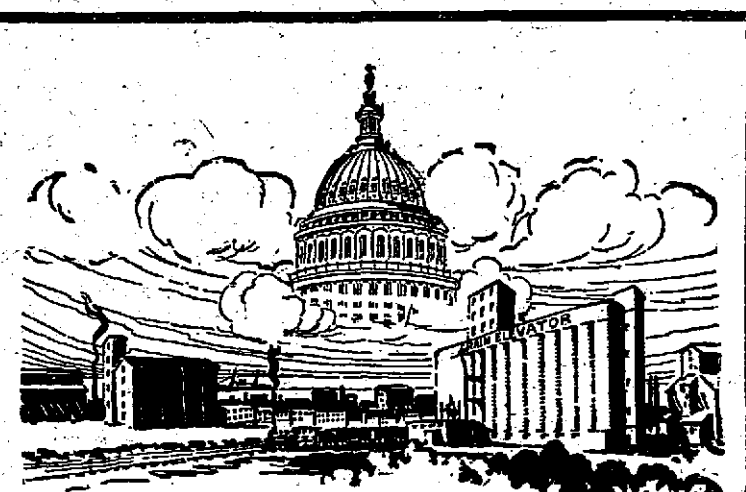

The county has one girl at the
Indiana Girls' school at Clermont.
The bill for her upkeep was \$18.60.
There are three inmates at the In-
diana School for the deaf costing the
county \$20.78. There are three in-
mates at the Indiana Boys' school
at Plainfield and their cost to the
county was \$151.20. The balance
was paid for the county's twenty-
two inmates in insane hospitals.

**ALL WIRELESS STATIONS
MUST BE DISMANTLED**

Continued from Page 1
It is imperative that all be dis-
mantled to prevent interference and
to eliminate the possibilities of in-
formation prejudicial to the inter-
ests of the government reaching the
enemy.

Ruell Bennett dismantled his
station soon after the proclamation
was issued. Weldon Kennedy also
dismantled his. There was also an
amateur station near Sexton,
one near Milroy, and another near
Arlington and it is reported that
they have all been put out of com-
mission as advised by President
Wilson.

Ruell Bennett, who is a member
of the Rush county board of health,
said that he had dismantled his station
and that he had no intention of re-
building it.

Helping Farmers With Their Grain

The Federal Reserve Banking System established
by the government stands back of the farmer
from the time he breaks ground till his crop is
harvested. Special facilities are provided for
carrying grain in elevator.

The vast funds of the Federal Reserve Bank-
ing System are available only for legitimate farm-
ing and business needs, and in some respects
farmers' paper is given preference over mer-
chants' paper.

If you are not already one of our depositors
drop in and let us tell you how this system
helps you.

BANDIT HOLDS UP A TRAIN

Throws Brakeman Off C. & N. Pass-
enger and Robs People.

(By United Press.)
Sparta, Wis., May 2.—After
throwing the brakeman from a Chi-
cago and Northwestern train, a band-
it today robbed the passengers on
the train near here and made his
escape.

The bandit boarded the train at
La Crosse. A description of the
man was furnished by the passen-
gers and posses are searching the
city and surrounding country.

WAR MINISTER RESIGNS

(By United Press.)
Mexico City, Mex., May 2.—Gen-
eral Obregon, one of the govern-
ment's chief supporters, resigned as
minister of war today. His resigna-
tion was unexpected. Obregon
pleaded ill health.

The uniform Rank K of P. will
meet Thursday night in regular ses-
sion. Business of importance will
be transacted and a large attend-
ance is urged.

George Billings of Union town-
ship underwent an operation for ap-
pendicitis late yesterday afternoon
at the Rush county hospital.

**NOTICE OF FINAL SETTLE-
MENT OF ESTATE**

Notice is hereby given to the cred-
itors, heirs and legatees of Ephraim O.
Dale, deceased, to appear in the Rush
Circuit Court, held at Rushville, Indi-
ana, on the 8th day of May, 1917,
and show cause, if any, why Final Set-
tlement Accounts with the estate of said
decedent should not be approved; and
said heirs are notified to then and
there make proof of heirship; and re-
ceive their distributive shares.

Witness, the Clerk of said Court,
this 10th day of April, 1917.
GEO. B. MOORE, JR.,
